**Bowdoin Construction Selected for  
Fitout of Gordon College Classroom  
and Computer Lab Wing**

Wenham, MA - Bowdoin was selected for the fitout of a classroom and computer lab wing on the first floor of the Ken Olsen Science Center at Gordon College in Wenham, MA. The project, designed by Payette Associates, will feature a computer lab with raised-access floor, a server/printer room, a large seminar room and four classrooms.

Prior to this, Bowdoin completed the construction of this 82,000 s.f. state-of-the-art science center, named in honor of the founder of Digital Equipment Corporation.

Bowdoin Construction is one of the New England region's leading construction management and general contracting firms focused on providing a solutions based approach to each of our client's specific building needs.
